EFFECTIVE IMMEDIATELY

Closure of Dolphin Union Caribou harvest in Cambridge Bay

Start Date: March 11, 2022
End Date: June 30, 2022
Cambridge Bay, Nunavut **40 sec**

The Dolphin Union Caribou 2021-2022 harvest in Cambridge Bay **is closed effective immediately. No further harvesting is allowed**.

The community's allocation of 30 caribou from the Total Allowable Harvest (TAH) for 2021-2022 has been reached. Any remaining tags are immediately void and are to be returned to the local Wildlife Office or Hunters and Trappers Organization.

Any additional harvesting of the Dolphin Union Caribou during the 2021-2022 season is in violation of the *Nunavut Wildlife Act*. Violations will be investigated and may lead to enforcement action.

The TAH was established by the Nunavut Wildlife Management Board to support the recovery of the Dolphin Union Caribou population and is a critical piece in the co-management efforts to allow the herd to recover and provide harvesting opportunities for future generations.
