GRANTS AND CONTRIBUTIONS 2007-08

Introduction

The Government of Nunavut (GN) administers its voted transfer payments to public agencies, community governments, organizations and individuals as *grants* and *contributions*.

- A *grant* is an unconditional transfer of appropriated funds to a public agency, community government, organization or individual for which the recipient is, with the exception of meeting the eligibility criteria for the grant, not accountable to the government.
- A *contribution* is a conditional transfer of appropriated funds to a public agency, community government, organization or individual for which the recipient is accountable to the government for the use of the funds and fulfillment of the objectives for which the funding is provided.

From the perspective of the general public, grants and contributions are an important source of government financial support for individuals and organizations whose work provides significant social, cultural or economic benefits to Nunavut. Grants and contributions are available by application to the GN each year through its various departments. Individuals and organizations seeking funds for a project would apply to the department that offers grants and contributions in the area most closely associated with the goals of the project.

Summary of Grants and Contributions

This Grants and Contributions Report is based on the information used to prepare the unaudited March 31, 2008 Non-Consolidated Financial Statements of the Government of Nunavut.

The report covers grants and contributions made against Vote 1 appropriations only. Further, income support payments to individuals are excluded. These payments, totaling \$30.1 million (2007 - \$29.4 million), were budgeted in the 2007-08 Main Estimates as part of Fees and Payments for the Department of Education.

In 2007-08, the GN awarded approximately \$246 million in grants and contributions through Vote 1, an increase of approximately \$3.1 million over 2006-07. Of these funds, approximately \$10.6 million were grants and \$235.4 million were contributions.
