RABIES ADVISORY:

Rabies is naturally occurring disease that is endemic to wildlife, particularly canids, in Nunavut. Rabies can infect human beings, and if left untreated can cause death. All persons who may be exposed to rabies are strongly encouraged to obtain and keep updated a pre-exposure vaccination.

All applications for Wildlife Research Permits should be submitted to:

Wildlife Research Section Department of Environment Box 209, Igloolik, NU, XOA OLO

Tel: (867) 934-2178 Fax: (867) 934-2190 Email: <u>wildlife_research@gov.nu.ca</u>

File size must be under 5MB when sending application via e-mail. Please use multiple emails if necessary.
