- Providing support through management and coordination of chronic disease programs, specialty clinics and assist with virtual care clinics
- Administering pharmaceuticals in accordance with established regulations, policies, practices, competencies, and safety procedures;
- Participating in client/family conferences with other health care professionals and/or other agencies;
- Maintaining the confidentiality of all client related information. Reviewing, documenting, and maintaining client health records as per Government of Nunavut Policies, Protocols and Guidelines as well as licensing body Standards for Documentation.

3. Provides direct or virtual nursing care in a cross-cultural setting by applying the nursing

process for all clients in the system by:

- Providing client education regarding illness/injury, plan of care, general health measures, and health promotion/disease prevention;
- Maintaining current immunization certification, administering immunizations as per the Nunavut Immunization Schedule, and assist Public Health Nurse (PHN) with community wellness programs such as influenza, COVID-19 and immunization clinics;
- Advocating for the rights of the patient and family, providing accurate and consistent patient teaching in a flexible and creative manner in accordance with best practice while maintaining privacy and confidentiality
- Ensuring informed consent is obtained with consideration of potential cultural differences and language barriers
- Performing independent health assessments for all clients, including physical assessment and health history;
- Reviewing, documenting, and maintaining client health records;
- Developing nurse-client relationships to encourage the building of a rapport with clients while ensuring privacy and confidentiality is maintained;
- Providing individualized care that reflects the priorities established during assessment and established nursing diagnoses;
- Developing and modifying a client care plan based on the assessed needs of the client and the prescribed medical regimen by physician or NP through specialty clinics, virtual care clinics, and community health centre visits.;
- Implementing client discharge plan to promote independence and responsibility;
- Maintaining routine practices and following infection prevention and control practice (IPAC) recommendations to ensure safety of clients, families, and staff;
- Initiating and participating in conflict resolution with clients, families, and staff;
- Delegating to support staff as per GN and facility policies;
- Adapting to fluctuations in the clinical setting;
- Providing emergent medical/nursing care in the absence of an immediate physician or registered nurse.

4. Performs administrative functions, including but not limited to:

- Participating in the orientation, support, and guidance to new nurses, students and support staff;
- Participating in and contributing input to mentorship programs for new graduate practical nurses;
- Performing regular maintenance checks of equipment, Point of Care Testing (POCT) and participating in Continuous Quality Improvement Activities
- Performing delegated administrative functions:
 - processing correspondence and forms
 - requisitioning, processing, and receiving supplies and equipment
 - Ordering, processing, receiving, and monitoring the storage of pharmaceutical/biological agents as delegated
- Managing both in person, and telephone inquiries from clients, administration, physicians, other health care professionals, and the general public and refer accordingly;
- Coordinating client appointments and clinics;
- Maintaining client and administrative records in a concise, accurate, and confidential manner;
- Advocating practice environments that have the organizational and resource allocations necessary for safe competent, and ethical professional nursing care;
- Developing and maintaining good working relationships with colleagues, supervisors, other health care professionals and agencies, and the public.

5. Maintains a thorough and sound working knowledge of current nursing practices, skills and knowledge by:

- Maintaining professional responsibility, and competency by attending in-services, conducting self-directed studies, pursuing professional development activities and reviewing current relevant literature
- Participating in staff and committee meetings,
- Exchanging information and contributing to policy and procedure development.
- Managing treatment clinic which may include wound care, intravenous infusions, follow up monitoring, direct observation treatment (DOT) for tb, this list is not inclusive.
- Obtaining and maintaining certifications, such as Cardiopulmonary Resuscitation (CPR), Non-Violent Crisis Intervention, etc.;
- Maintaining a working knowledge of equipment, supplies, and materials used for work.

6. Performs other related duties, assignments, and projects such as, but not limited to:

- Providing coaching and leadership to peers, students, and other members of the health care team to develop the necessary skill levels to achieve the highest standard of care;
- Participating in task forces and research projects as assigned;
- Assisting the Nurse on Call (NOC) with basic telephone triage. Provide after hour support to NOC to monitor stable patients awaiting medical transfer, as well assisting with basic assessments, POCT, and clinical support.
- Obtaining the knowledge skills and abilities to engage in virtual health care safely and effectively by combining clinical experience, communication skills and ethical awareness.

Possible deployment with the Rapid Response Team to provide urgent clinical assistance, to manage unexpected surges in workload and maintain safe Health Centre operations. A Licensed Practical Nurse may be assigned to work in one or more of the following healthcare areas: acute care, continuing care, specialist clinic/family practice clinic, public health, home and community care, community health centres, and/or mental health facilities. Each practice area will have specific skills and responsibilities that unique to the specific practice area.

7. Acute Care and Continuing Care Centre

This position requires shift work, including weekends and statutory holidays, as the facility operates on a 24/7 basis year-round.

5. KNOWLEDGE, SKILLS AND ABILITIES

Describe the level of knowledge, experience and abilities that are required for satisfactory job performance.

Contextual Knowledge

- Applicable legislation, policies and procedures including relevant sections of federal and territorial health care acts and regulations, including Licensed Practical Nurse Standards and the Nunavut Mental Health Act;
- Licensed Practical Nurse scope of practice.

Skills and Abilities

- Effective verbal and written communication skills;
- Interpersonal skills;
- Basic computer skills;
- Ability to recognize and report changes in the client’s health status;

- Ability to work independently with minimal supervision;
- Ability to think critically and use self-direction to successfully perform the duties of the role;
- Ability to function in a cross-cultural setting understanding the language translation, either written or verbal, may not be available at all times;
- Basic computer skills.

Knowledge, skills, and abilities to safely and effectively engage in virtual healthcare.

The above knowledge, skills and abilities are typically acquired through;

- Licensed Practical Nursing Diploma from a recognized institution for practical nursing education;
- Eligible for registration and licensing as an LPN with the College and Association of Nurses of the NWT and Nunavut (CANNN);
- Current BCLS and annual recertification is a requirement;
- Current WHMIS training (or willingness to complete within 6 months of hire);
- Current Immunization Certification (or willingness to complete within 1 month of hire)
- Possession of one or more of the following preferable but not required on initial hire: Non-Violent Crisis Intervention, Critical Incident Stress Debriefing, Cross Cultural training, Back Injury Prevention Program;
- May be required to provide support after hours, including weekends and statutory holidays, as facilities operates on a 24/7 basis year round
- The ability to communicate in more than one of Nunavut’s official languages is an asset.

This is a highly sensitive position. Criminal and vulnerable sector checks are required

6. WORKING CONDITIONS

List the unavoidable, externally imposed conditions under which the work must be performed, and which create hardship for the incumbent. Express frequency, duration and intensity of occurrence of physical demands, environmental conditions, and demands on one’s senses and mental demands.

Physical Demands

Indicate the nature of physical demands and the frequency and duration of occurrences leading to physical fatigue.

- Licensed Practical Nurses are considered essential services whereby they are required during times of extreme weather.
- Long hours of work, night shifts, and frequent on call (all of which are disruptive to personal life and normal sleep patterns).
- Lifting and transferring of heavy clients and equipment daily.
- Standing for extended periods of time.
- Maintaining awkward positions (i.e., life saving measures; during labour and deliveries; during surgery).
- Working with hazardous materials (sharps, compressed medical gases, surgical saws).
- Potential for exposure to contaminated body fluids and nosocomial infections.
- Potential for exposure to violent and abusive behaviors from clients and families.

Environmental Conditions

Indicate the nature of adverse environmental conditions, to which the jobholder is exposed, and the frequency and duration of exposures. Include conditions that disrupt regular work schedules and travel requirements.

- Daily exposure to hazardous and/or toxic chemicals and drugs.
- Daily exposure to contaminated sharps (i.e., used injection needles, used suture needles, used surgical blades, and used saw blades).
- Exposure to infectious and communicable diseases.
- Exposure to violence, illness, death and dying.
- Required to travel in extreme weather conditions to report for duty (essential employees).

Sensory Demands

Indicate the nature of demands on the jobholder's senses to make judgments through touch, smell, sight and hearing, and judge speed and accuracy.

Continuous use of all senses to make assessments concerning client demands.

- Exposure and interpretation of body fluids.
- Daily exposure to high noise levels (i.e., cleaning and sterilizing equipment, client call bells, telephones).
- Daily exposure to strong and sometimes offensive odors.
- Concentrated mental and psychomotor skills required during all nursing activities
- Multi-tasking is a necessity to respond to needs of client, family, and multidisciplinary team simultaneously.

Mental Demands

Indicate conditions that may lead to mental or emotional fatigue.

- Constant exposure to sickness, illness, death and dying.
- May be required to perform post-mortem care including collection of specimens, preparation for family viewing and identification of body.
- Required to work long hours in stressful situations.
- May be required to be available after normal working hours.
- Potential exposure to physical and verbal abuse.
- Constant exposure to the changing work environment (i.e. – how many, or conditions of clients as they enter the system).
- Required to remain current with nursing care in spite of limited educational opportunities and/or resources.
- May be requested to provide support after hours which can be difficult to adjust to and very hard on work-life balance.
- High client care loads can result in considerable pressure to meet the needs of all clients.
- High stress from the responsibility to make decisions directly affecting client health status.

7. CERTIFICATION

<p>_____ Employee Signature</p> <p>_____ Printed Name</p> <p>_____ Date I certify that I have read and understand the responsibilities assigned to this position.</p>	<p>_____ Supervisor Title</p> <p>_____ Supervisor Signature</p> <p>_____ Date I certify that this job description is an accurate description of the responsibilities assigned to the position.</p>
<p>_____ Deputy Head Signature</p> <p>_____ Date I approve the delegation of the responsibilities outlined herein within the context of the attached organizational structure.</p>	

8. ORGANIZATION CHART

Please Attach Organizational Chart indicating incumbent’s position, peer positions, subordinate positions (if any) and supervisor position.

“The above statements are intended to describe the general nature and level of work being performed by the incumbent of this job. They are not intended to be an exhaustive list of all responsibilities and activities required of this position”.
