GOVERNMENT OF NUNAVUT

EMPLOYMENT OPPORTUNITY

Title: Medical Radiation Technologist – Mammography/ Computed Tomography (CT)/X-Ray
Department: Health
Community: Iqaluit
Reference Number: 10-507395
Type of Employment: Indeterminate

Salary range: $93,582 - $106,208 per year, 37.5 hour/week
Northern Allowance: $16,008 per year
Union Status: Nunavut Employees Union
Housing: Subsidized Staff Housing is Available
Closing date: Open Until Filled

This employment opportunity is open to all applicants.

The Government of Nunavut was selected as one of Canada's Top Employers for Young People and recent graduates in 2021. With one of the fastest growing and youngest populations in Canada, Nunavut is a dynamic, vibrant territory, committed to becoming an even better place for future generations. As a government, we are strengthening our unique model of governance - one that integrates Inuit societal values, promotes use of the Inuktut language, achieves a representative public service, and collaborates with partners to achieve the promise of Nunavut. Successful applicants will enjoy a competitive salary, medical and dental benefits, a defined benefit pension plan, relocation privileges and opportunities for training and career advancement.

Reporting to the Manager, Diagnostic Imaging, the Technologist provides general radiological, mammography and Computed Tomography (CT) responsibilities. These are performed with adherence to the Code of Ethics and the Standard of Practice of the Canadian Association of Medical Radiation Technologist (CAMRT) and the Canadian Association of Radiologist (CAR). The Technologist takes charge of patients and performs a variety of diagnostic or therapeutic procedures for clinical purposes. The incumbent is available as a resource to the nurses and basic radiographers in the Community Health Centers.

The Technologist is instrumental in providing services to the Qikiqtani General Hospital (QGH) and Territory of Nunavut. This position fulfills all general radiology, mammography and CR requirements by using a variety of equipment. Holter Monitor, cardiac Event Recorder and electrocardiogram services are also provided at the QGH and the Territory. The Technologist consults with the physicians and other medical staff as well as providing radiological technical expertise and support to the nursing staff on the outlying committees. The position impacts on the excellence of patient care, treatment and diagnosis provided by the health care team. Services required outside the department's service hours are covered on an "on-call" (standby) basis shared by the staff Technologist. Staff is expected to take turns in the rotating schedule (day, evening, weekends) to ensure coverage for the department. The Technologist is also required to assist physicians in imaging procedures that may be diagnostic or therapeutic in natures. To fulfill this function, the Technologist will perform nursing care duties and imaging procedures that involve the whole patient. These duties include monitoring the patient's vital signs as required and monitoring the patient for any adverse reaction.

The knowledge, skills, and abilities required for this job are usually obtained through a successful completion of a three (3) year accredited and recognized college program in the discipline of medical radiological technology OR successful completion of a degree in medical radiation technology. Canadian Association of Medical Radiation Technologist (CMRT) Mammography Level 1 and Level 2 or equivalent are also required. The incumbent will obtain continuing education credits to maintain accreditation standards. Specialized on-site training at an accredited Breast Imaging Centre is also required along with CT Imaging Certificate from CAMRT and Intravenous (IV) Therapy Certificate. The Technologist must be a current registered member in good standing with the CAMRT and must have annual certification in Cardiopulmonary Resuscitation (CPR) and Workplace Hazardous Materials Information System (WHMIS). Two (2) years of post-graduate experience practicing mammography is also required.

If you are interested in applying for this job, please email your cover letter and resume to gnhr@gov.nu.ca. Please include the REFERENCE # in the subject line of your email.

- The Government of Nunavut is committed to creating a representative workforce, therefore priority will be given to Nunavut Inuit who self-identify as being enrolled under the Nunavut Agreement in accordance with the Priority Hiring Policy.
- Government of Nunavut employees serving a probationary period must obtain and provide written authorization from the deputy head of their employing department. The authorization from the deputy head must accompany your application for your application to be considered.
- Possession of a criminal record may not disqualify candidates from being considered. An assessment of the criminal record will be measured against the scope and duties of the position. This is only a requirement for positions that require a satisfactory criminal record or vulnerable sector check.
- Applicants may submit their resume in any of the Official Languages of Nunavut.
- Only those candidates selected for an interview will be contacted.
- The onus is on candidates in receipt of foreign post-secondary education credentials to have their foreign credentials assessed through a recognized Canadian education institution. Failure to do so may result in the rejection of their application.
