Public Health Advisory

Reminder: Water advisory for Sanikiluaq

October 31, 2019
Sanikiluaq, Nunavut

The Department of Health reminds residents of Sanikiluaq that water for consumption should come from the reverse osmosis units installed in each household.

Water from the reverse osmosis units should be used for the following:

- drinking;
- preparing infant formulas;
- preparing juices and ice cubes;
- washing fruits and vegetables; and
- cooking.

Store-bought water is also safe to drink.
