- Acts as a point of contact for physicians, locally, territorially and out of territory, for assessments and patient critical care information;
- Conducts psychiatric assessments, mental status exams, suicide risk assessment, identification of persons at risk of harm to self and/or others, crisis intervention and debriefing;
- Arranges psychiatry clinics for community members, delivered by the RPN/RN and/or visiting medical professionals;
- Attends weekly rounds with mental health and consulting psychiatrists to review clients and consult on patient treatment;
- General counselling, utilizing a strength based, client centered approach;
- Provides Cognitive Behavioral Therapy-informed counselling;
- Provides coaching and/or identification of priorities for other team members concerning life skills to promote independent living by:
 - Assisting clients with daily tasks, e.g., compliance with medication
 - Education to clients regarding activities of daily living
 - Provides education and support to families and community members who are supporting clients with mental illness;
- Providing non-emergency and emergency mental health treatment services;
- Arranging for safe client transport as required; acting as medical escort when required;
- Administers pharmaceuticals in accordance with established regulations, policies, practices, safety procedures and as outlined in the Health Centers;
- Maintains confidentiality of all client related information;
- Developing, monitoring and implementing holistic individual care plans with clients;
- Serves as patient advocate;
- Provides case management for clients out of territory in collaboration with the Department's Out of Territory Coordinator;
- Leads the collaboration amongst internal and external teams (i.e. mental health and addictions team, other health professionals, community organizations, Inuit organizations, clients, families,

etc.) to plan and deliver service on an on-going basis, including prioritizing service, discharge and community planning (one at individual case level, one at community level);

- Consults with specialists as required;
- Mediates disputes related to service implementation;
- On-going requirement to meet challenges and demands with creative solutions and flexibility (e.g. limited options for professional referrals);
- Delivers and/or oversees delivery of approved programming in schools and in the community.

COMMUNITY RELATIONS:

- Provides clinical leadership, serves as a subject matter expert, and collaborates with other community health staff in the delivery of community awareness and public education activities (e.g. workshops, approved media interviews, local radio shows, etc.);
- Collaborates with community partners to conduct community asset and needs assessments;
- Participates on interagency committees, providing leadership as necessary;
- Builds community partnerships (e.g. Family Services, RCMP, local Hamlet, Elders, Housing Committee, Probation Officer, School Principal and staff).

LEADERSHIP

- Provides leadership and mentoring to team members;
- Ensures that staff and self, behave in a manner that is respectful at all times, following the GN Code of Conduct;
- Promotes a positive learning environment where employees are encouraged to participate in continuous learning;
- Fosters a positive work environment;
- Advocate within the division structure for team issues;

DEPARTMENTAL EFFICIENCY:

- Meets with team on a weekly basis and as needed to coordinate team activities;
- Monitors team wellbeing/mental health and takes appropriate action as required;
- Ensures case documentation is completed in a thorough and timely manner;
- Prepares reports as required, including the maintenance and distribution of statistical data;
- Ensures location assets are properly safe guarded, premises and equipment are properly maintained;
- Conducts chart reviews and identifies items for action by their supervisor;
- Takes corrective action in a timely manner in relation to audit reports or directives;
- Supervises time and attendance;
- Ensures diligent and responsible spending under span of control;
- Ensure that team adheres to all Health & Safety requirements, policies and procedures and acts proactively to prevent accidents and workplace hazards.

5. KNOWLEDGE, SKILLS AND ABILITIES

<p>Describe the level of knowledge, experience and abilities that are required for satisfactory job performance.</p> <p>Contextual Knowledge</p> <ul style="list-style-type: none"> • Best practices and resources related to mental health, addictions, concurrent disorders, suicide, family violence, intergenerational trauma and PTSD; • Psychiatric medications and their potential side-effects.
--

- Most current DSM;
- Knowledge of engagement drivers as they relate to team effectiveness;
- Knowledge of justice, social services and child welfare systems;
- Theories, principles and practices of non-violent crisis intervention and critical incident stress management;
- Theories, principles and practices of counselling, debriefing, training;
- Theories, principles and practices of the psychosocial rehabilitation model of care (PSR);
- Inuit Societal Values and how to incorporate them into clinical practice;

- Strong research and presentation skills;
- Group facilitation skills;
- Adaptability;
- Ability to act with tact and diplomacy;
- Ability to lead a multidisciplinary team;
- Ability to provide expert consultation and advocacy within multi-disciplinarian teams;
- Able to navigate and interpret complex systems across multiple environments to patients and community members;
- Proficient in delivering a strength-based, client centered approach to clinical practice including comprehensive assessments, referral process and client centered service plans for all ages;
- Ability to access resources and to network with national and territorial organizations;
- Ability to work in highly confidential and volatile situations;
- Ability to work in a cross-cultural environment.

The above knowledge, skills and abilities are typically acquired through;

- An undergraduate degree in Nursing with experience in mental health, or an undergraduate degree in Psychiatric Nursing;
- A minimum of three years psychiatric nursing experience;
- Eligible for registration and licensing as a Psychiatric Nurse with the College and Association of Nurses of the NWT and Nunavut (CANNN);and
- A valid driver's license is required.
- Certification in mental health is an asset.
- Five years of psychiatric nursing would be considered an asset.
- The ability to communicate in more than one of Nunavut's official languages of is an asset.

This is a highly sensitive position. Criminal Record and Vulnerable Sector Checks are required.

6. WORKING CONDITIONS

List the unavoidable, externally imposed conditions under which the work must be performed and which create hardship for the incumbent. Express frequency, duration and intensity of occurrence of physical demands, environmental conditions, and demands on one's senses and mental demands.

The incumbent is expected to perform their duties with minimal supervision, this increases the stress level. In addition, the position needs to ensure actions are within policy and legislation.

Physical Demands

Indicate the nature of physical demands and the frequency and duration of occurrences leading to physical fatigue.

- Frequent long working hours;
- Frequently called upon during off-hours to deal with mental health issues, crisis, or critical incidents;
- Frequent sitting for extended periods of time, during consultations and report writing;
- Exposure to infections and communicable diseases;
- Requirement for lifting heavy objects and climbing stairs;
- May be in contact with bodily fluids;
- Must respond to and manage potentially violent/unstable individuals which may result in physical injury.

Environmental Conditions

Indicate the nature of adverse environmental conditions to which the jobholder is exposed, and the frequency and duration of exposures. Include conditions that disrupt regular work schedules and travel requirements.

- The incumbent is exposed on a daily basis to unpredictable situations involving potentially aggressive and violent clients;
- Inconsistent work environment;
- The possibility to be exposed to unsanitary, smoke, and unpleasant surroundings in individual residences is high;
- Requirement to work alone on a regular basis;
- High crime, high stress, high trauma environment;
- May be required to live in shared accommodation with transient GN staff.

Sensory Demands

Indicate the nature of demands on the jobholder's senses to make judgements through touch, smell, sight and hearing, and judge speed and accuracy.

- The incumbent is required to have, and to constantly use well developed sensory acuity and powers of observation to detect subtle mental or physical changes in a client, or heightened anxiety;
- This position requires intensive concentration on a regular basis in order to understand clients. This requires listening for verbal cues and observing and interpreting non-verbal communication in a multicultural context;
- May spend long periods of visual concentration (reading, writing, working at a computer);
- Heightened awareness of surroundings and safety factors.

Mental Demands

Indicate conditions that may lead to mental or emotional fatigue.

- Function effectively when confronted with unavoidable ongoing exposures to traumatic events and situations;
- As required, support family members after a critical incident resulting in exposure to deceased individuals with whom there may have been a professional relationship;
- Due to high rates of suicide, violence and accidents in Nunavut, there is a high probability of losing clients which may have an emotional impact/affect stress levels;
- Professional and personal isolation;
- Consistently high volume of work and conflicting priorities resulting in additional pressure;
- Frequently changing workload, priorities and deadlines;
- Demands for access to confidential/sensitive information by community members without authorization.

7. CERTIFICATION
