Cruise ship season is rapidly approaching. With the arrival of these ships come many opportunities – will you be ready?

The Department of Economic Development and Transportation has developed a workshop for cruise ship preparedness. 'Cruise Ready!' is a valuable workshop for all community members – those who have welcomed cruise ships in the past and those who are interested in starting.

The first workshop will be hosted in Pond Inlet and runs from June 27-30. Each day focuses on a different group:

Day 1: Organizers and Performers

Day 2: Tour Guides

Day 3: Artists, Seamstresses, Entrepreneurs

Day 4: Community Decision-Makers
