Project Request Form 008: Other Projects

Please follow the following headings when developing your proposal:

1. **Summary**
   Provide a brief summary of what the funds requested would purchase or help purchase, the reason this equipment is needed, what would be the outcome of the project.

2. **Problem History or Future Prevention**
   a. Describe location of human-wildlife conflict – latitude & longitude preferred.
   b. Describe history of human-wildlife conflict which is being resolved; if possible, list significant events in reverse chronological order, include month or season of conflict
   c. Describe who is experiencing the human-wildlife conflict (individual, household, or group) and who will benefit from the solution.

3. **Proposed Solution**
   a. Describe the proposed solution
   b. How does this solution increase human safety?
   c. How does this solution prevent property damage or other economic loss?
   d. How does this solution prevent defense kills?
   e. In addition to the materials and funds requested will other actions be taken to reduce human/wildlife conflict?
   f. Include a diagram(s), schematic(s), or photograph(s) of proposed solution.

4. **Budget**
   Show a breakdown of equipment or material costs, shipping & transportation, Services, and etc. Show other sources of funding if project exceeds maximum allowed contribution. Funds may not be released until proof of full project support from other sources.

5. **Timeline**
   Show a breakdown of equipment orders, arrivals, installations, and completion. Projects must be completed within 2 years of project approval or applicant will be responsible for returning funds, equipment, or materials.
